

5 The Living Center

5.1 Security

This includes measures such as escapes, contraband and lost or misplaced equipment.

5.1.1 Security 1 Escapes: Completed

Completed escapes, walk-aways, and AWOL's per 100 person-days of youth confinement.

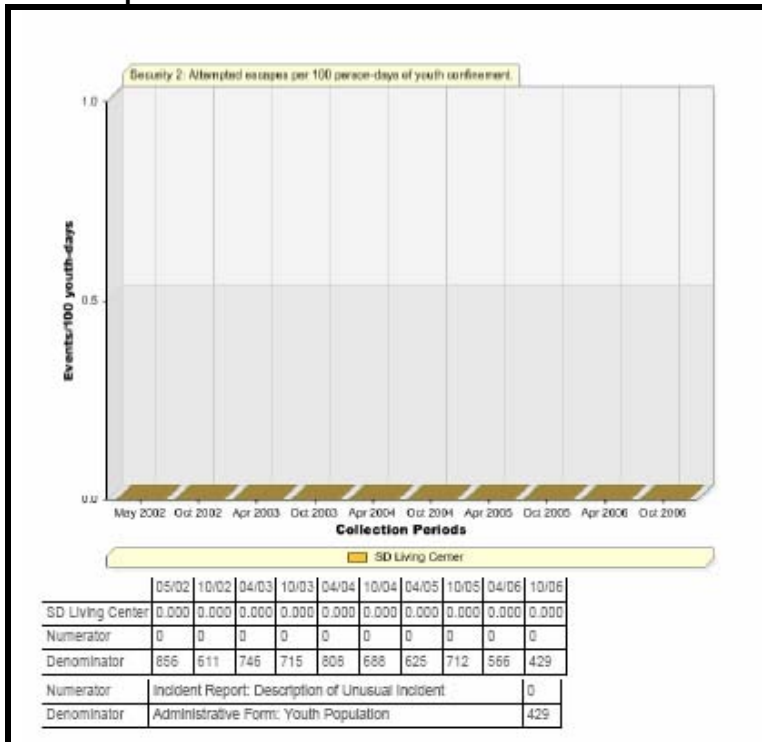

For the October '06 data collection, there are no completed escape, walk-away, and/or AWOL's. The national average is currently .006.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.1.2 Security 2 Escapes: Attempted

Attempted escapes per 100 person-days of youth confinement.

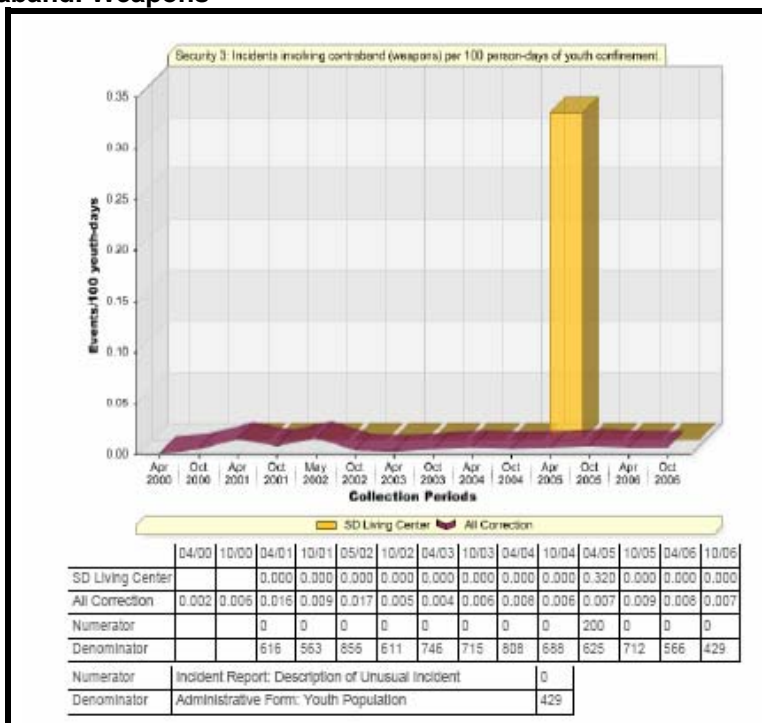

There are no attempted escapes for the tenth consecutive data collection period.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.1.3 Security 3 Contraband: Weapons

Incidents involving contraband (weapons) per 100 person-days of youth confinement.

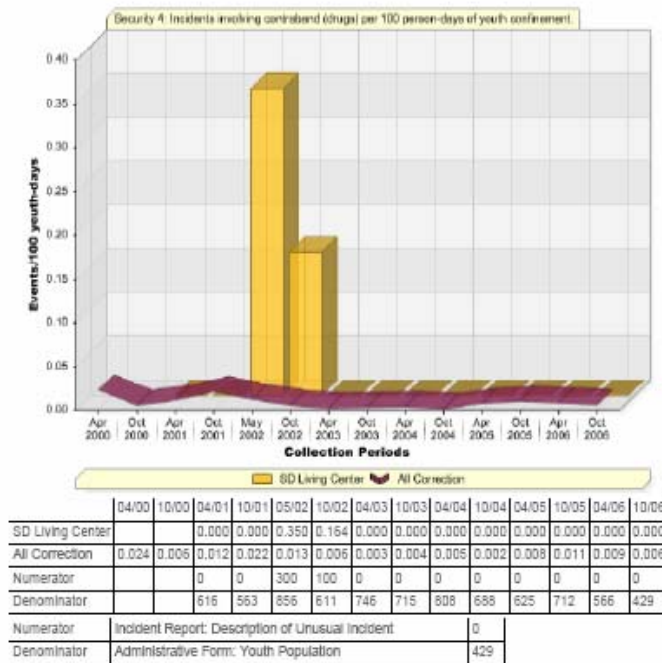

There are no incidents involving contraband (weapons) for October. The national average for this OM is currently .007.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.1.4 Security 4 Contraband: Drugs

Incidents involving contraband (drugs) per 100 person-days of youth confinement.

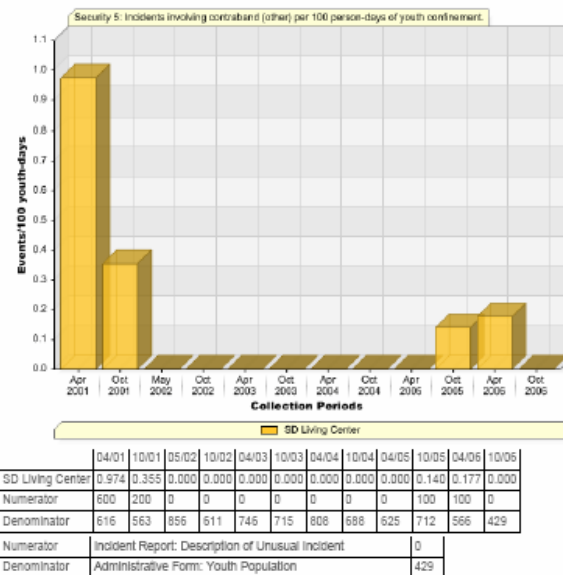

There are no incidents involving contraband (drugs) for the October '06 data collection.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

A Facility Improvement Plan (FIP) was developed for this OM in April 2001 and has been deemed successful and closed.

5.1.5 Security 5 Contraband: Other

Incidents involving contraband (other) per 100 person-days of youth confinement.

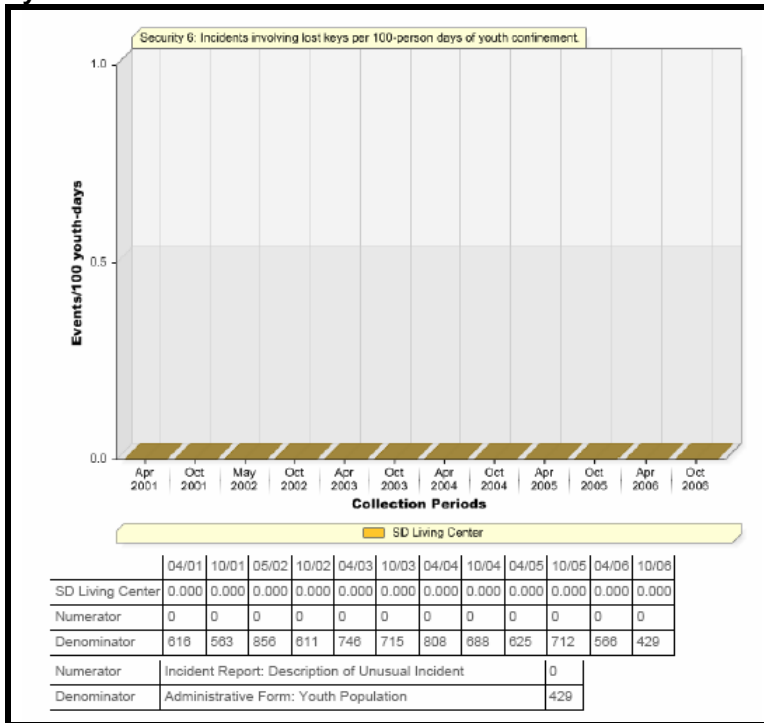

There were zero reported incidents involving contraband (other) for October '06.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

A FIP was developed for this OM in April 2001 and has been deemed successful and closed.

5.1.6 Security 6 Lost Keys

Incidents involving lost keys per 100-person days of youth confinement.

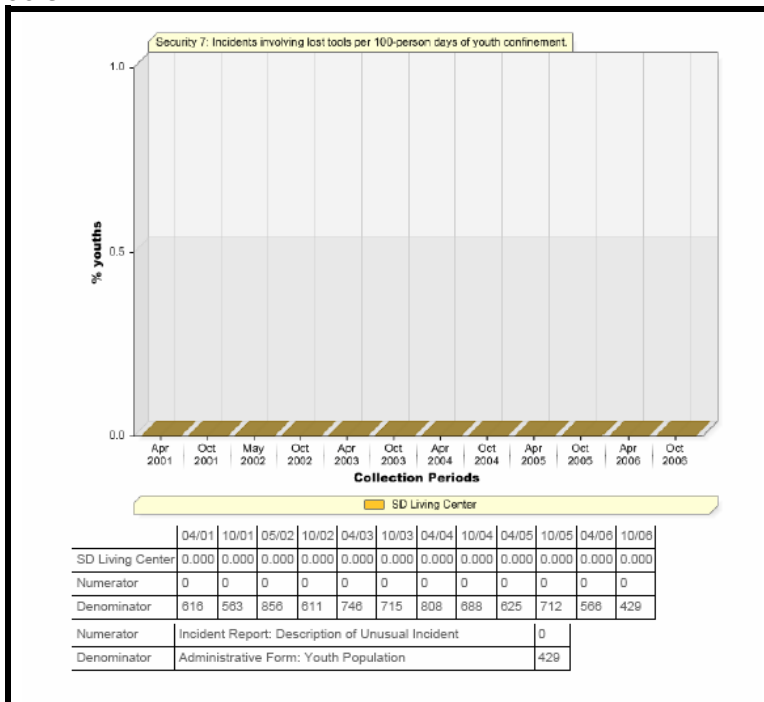

There are no incidents involving lost keys for the twelfth consecutive data collection.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.1.7 Security 7 Lost Tools

Incidents involving lost tools per 100 person days of youth confinement.

There are no incidents involving tools for the twelfth consecutive data collection.

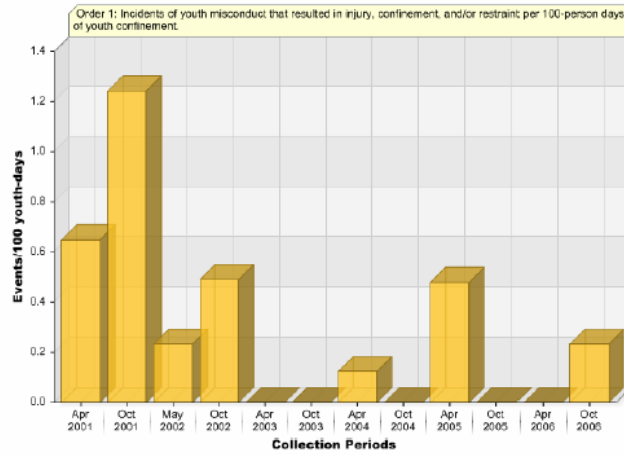

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.2 Order

This includes measures such as misconduct, use of restraints and isolation.

5.2.1 Order 1 Youth Misconduct

Incidents of youth misconduct per 100 person days of youth confinement.

	04/01	10/01	05/02	10/02	04/03	10/03	04/04	10/04	04/05	10/05	04/06	10/06

Numerator	Incident Report: Description of Unusual Incident											100
Denominator	Administrative Form: Youth Population											429

There was one incident of youth misconduct reported for the October '06 data collection.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.2.2 Order 2 Administrative Sanction: Staff Involvement

Staff involvement in administrative sanctions for conduct related to youth (e.g. suspension, letter of reprimand, demotion, etc) per 100 staff days of employment.

	04/01	10/01	05/02	10/02	04/03	10/03	04/04	10/04	04/05	10/05	04/06	10/06

Numerator	Administrative Form: Staff Data, Q. #7											100
Denominator	Administrative Form: Staff Data											324

There was one incident of staff involvement in an administrative sanction for conduct related to youth reported in October '06.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.2.3 Order 3 Restraints: Physical

Physical restraint use
per 100 person days of
youth confinement.

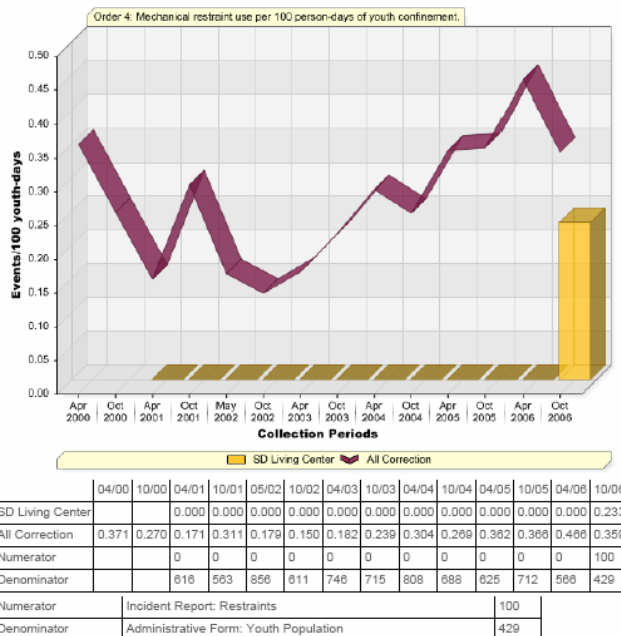

Physical restraint use was zero incidents for October '06. The national average is .371 for October.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.2.4 Order 4 Restraints: Mechanical

Mechanical restraint
use per 100 person
days of youth
confinement.

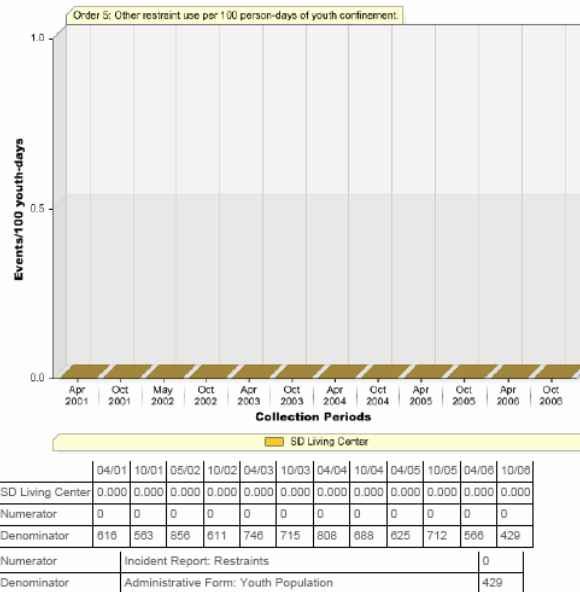

Mechanical restraint use was one incident for the October '06 data collection. The national average is .359 for October.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.2.5 Order 5 Restraints: Other

Other restraint use per 100 person days of youth confinement.

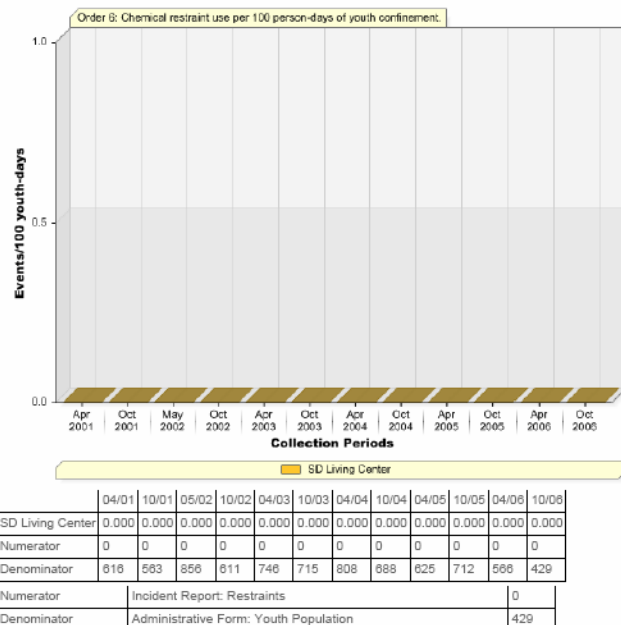

There have been no incidents of other restraint use for all twelve data collections.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.2.6 Order 6 Restraints: Chemical

Chemical restraint use per 100 person days of youth confinement.

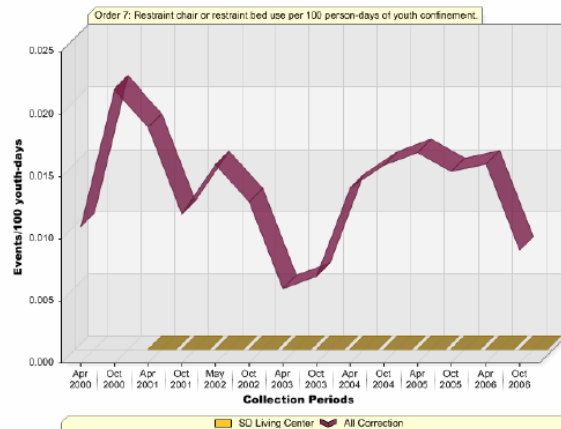

There have been no incidents of chemical restraint use for all twelve data collections.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.2.7 Order 7 Restraints: Chair/ Bed

Restraint chair or restraint bed use per 100 person days of youth confinement.

	04/00	10/00	04/01	10/01	05/02	10/02	04/03	10/03	04/04	10/04	04/05	10/05	04/06	10/06

Denominator			0	0	0	2	0	0	3	0	2	3	0	2
Numerator	Incident Report: Confinement													0
Denominator	Incident Report: Confinement													2

Percent of isolation or room confinement cases terminated in eight hours or less is NA for October '06. The national average for October is 77%.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.2.12 Order 12 Idle Hours

Number of idle hours youth spend in their rooms or dorms not including 8 hours for sleeping.

	04/01	10/01	05/02	10/02	04/03	10/03	04/04	10/04	04/05	10/05	04/06	10/06
SD Living Center	6,500	4,000	4,000	4,000	4,000	4,000	4,000	4,000	4,000	4,000	4,000	4,000
All Correction							1,782	1,314	1,502	1,334	1,214	1,492
Numerator	7	4	4	4	4	4	4	4	4	4	4	4
Denominator	1	1	1	1	1	1	1	1	1	1	1	1
Numerator	Administrative Form: Youth Population, Q. #7											4
Denominator	(N/A)											1

Average number of idle waking hours per day is four hours for October '06. The current national average is 1.492 hours.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

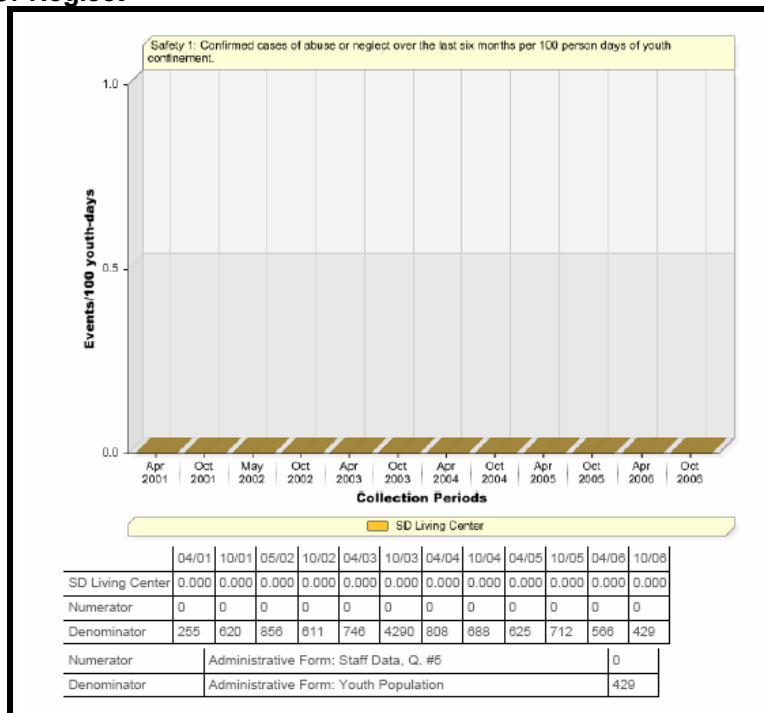

A FIP was developed for this OM in April 2001 and has been deemed successful and closed. Living Center is a group home setting, so there will be more idle time.

5.3 Safety

This includes injuries, overpopulation, self-destructive behavior, assaults, and fear for safety.

5.3.1 Safety 1 Abuse Or Neglect

Number of confirmed cases of abuse or neglect over the last six months per 100 person days of youth confinement.

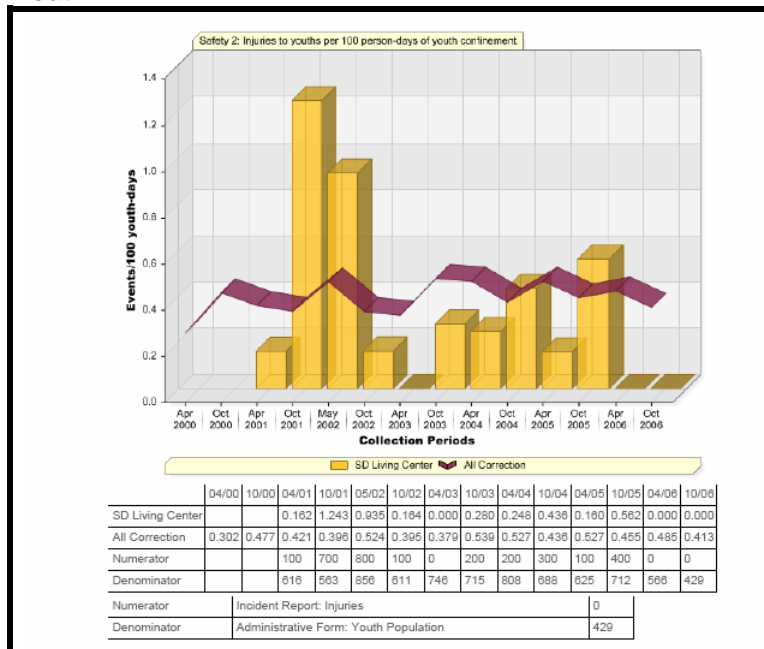

Confirmed cases of abuse or neglect has been zero for all twelve data collections.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.3.2 Safety 2 Injuries: Youth

Injuries to youth per 100 person days of youth confinement.

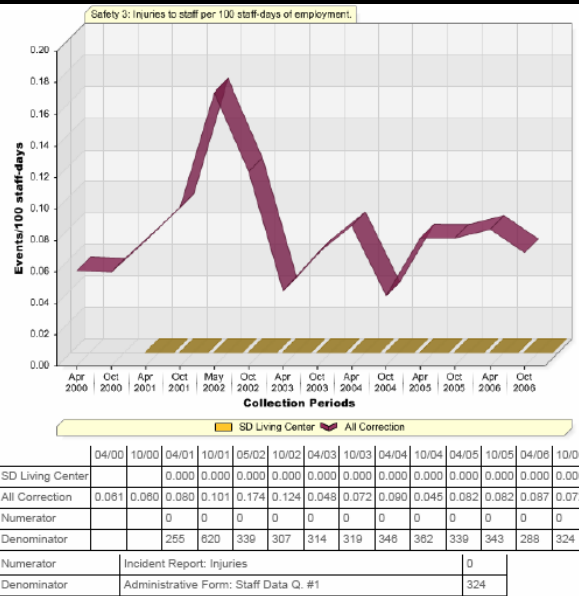

Injuries to youth per 100 person days decreased to zero percent for October '06. The current national average for this OM is .413.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

A FIP was developed for this OM in May 2002 and has been deemed successful and closed.

5.3.3 Safety 3 Injuries: Staff

Injuries to staff per 100 staff days of employment.

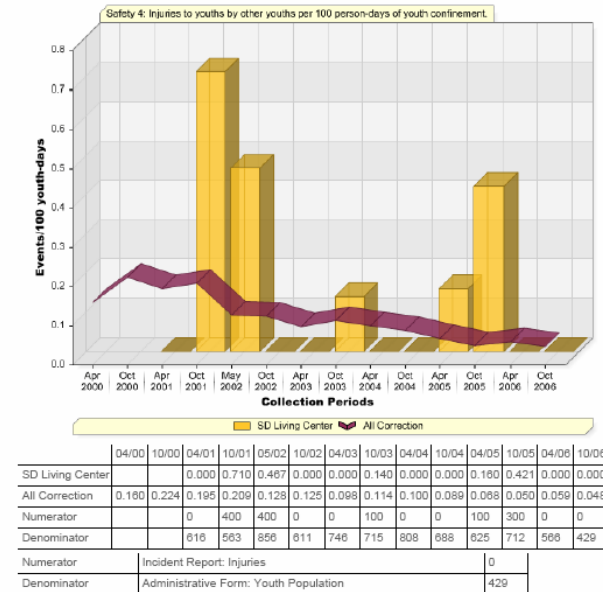

Reported injuries to staff has consistently been zero for all twelve data collections to date.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.3.4 Safety 4 Injuries: Youth by Youth

Injuries to youth by other youth per 100 person days of youth confinement.

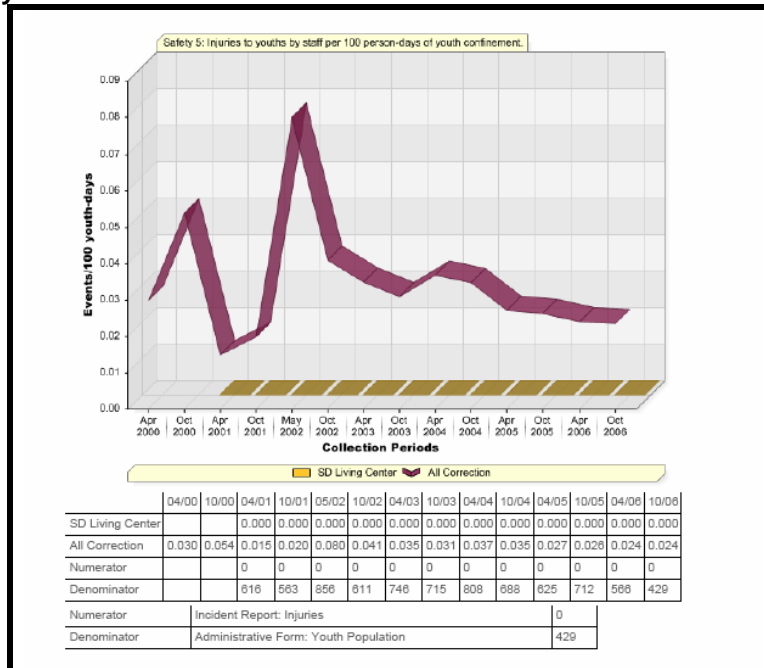

Injuries to youth by other youth per 100 person days of confinement for October '06 is zero incidents compared to the current national average of .048.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

A FIP was developed for this OM in May 2002 and has been deemed successful and closed.

5.3.5 Safety 5 Youth by Staff

Injuries to youth by staff per 100 person days of youth confinement.

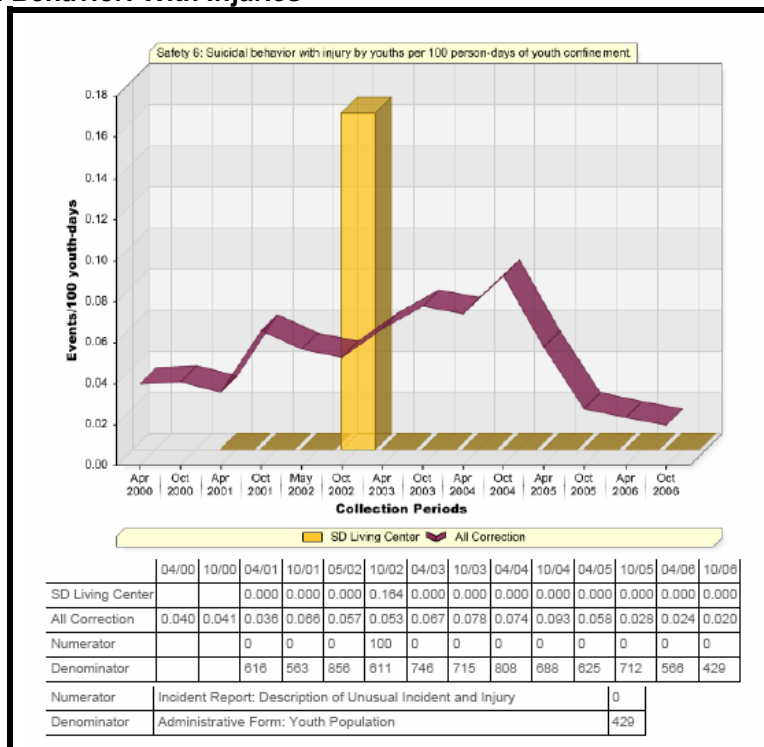

Injuries to youth by staff have remained at zero for all data collections. The national average for the October data collection is .024.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.3.6 Safety 6 Suicidal Behavior: With Injuries

Suicidal behavior with injury by youth per 100 person days of youth confinement.

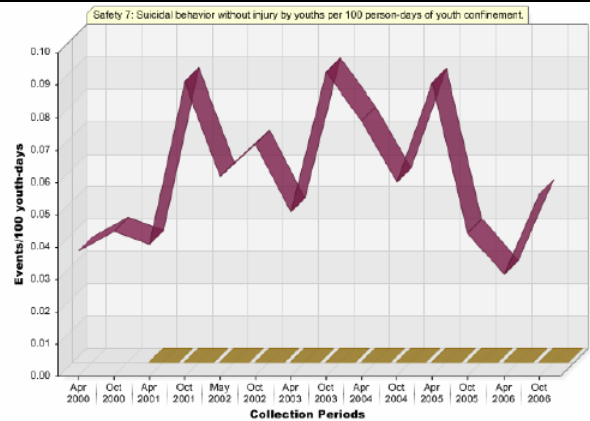

Suicidal behavior with injury by youth is again zero percent. The national average for October '06 is .020 incidents per 100 person days.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.3.7 Safety 7 Suicidal Behavior : Without Injury

Suicidal behavior without injury by youth per 100 days of youth confinement.

	04/00	10/00	04/01	10/01	05/02	10/02	04/03	10/03	04/04	10/04	04/05	10/05	04/06	10/06

Numerator	Administrative Form: Youth Population													0
Denominator	Administrative Form: Youth Population													31

Percent of days during the assessment period when the population exceeded the design capacity by 10% or more is again zero percent for the twelfth consecutive data collection.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.3.9 Safety 9 Ratio: Direct Care Staff To Youth

Average ratio of direct care staff to youth for each day during the collection month.

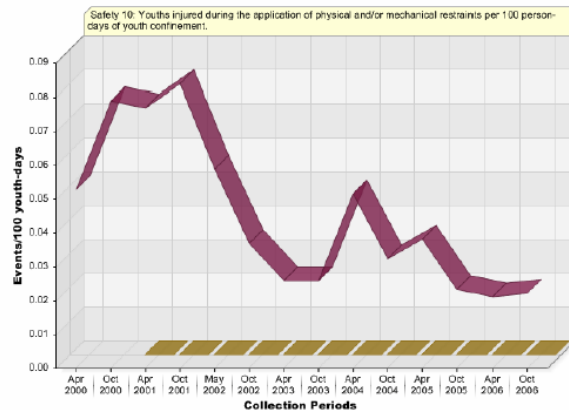

Average ratio of staff to youth increased in October '06 for a rate of .755. The national averages for October '06 is .642.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.3.11 Safety 11 Assaults: Youth

Assaults on youth per
100 person days of
youth confinement.

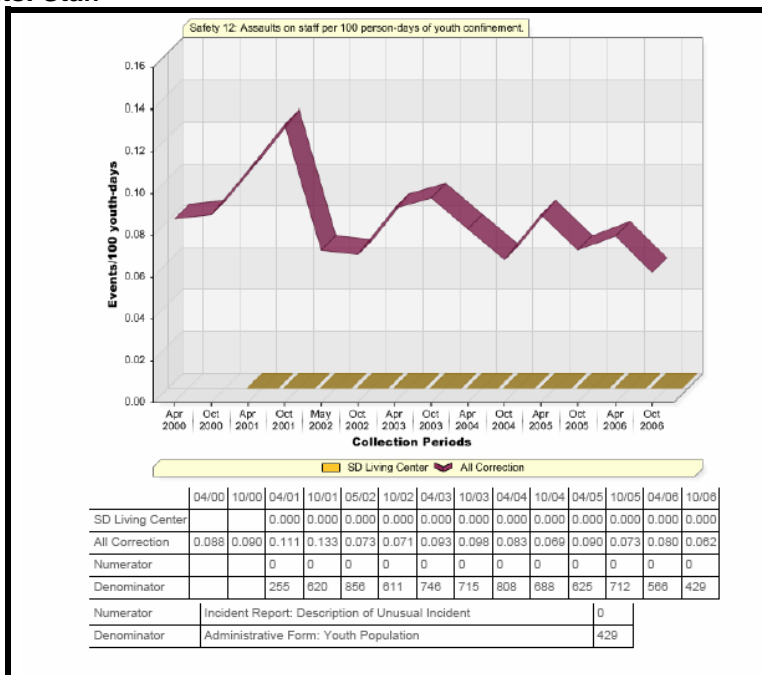

Assaults on youth per 100 person days of youth confinement increased to one assault in October '06, a rate of .233, compared to the national average of .305.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

A FIP was developed for this OM in April 2001, reviewed in May 2002 and October 2005. This FIP has been formally closed.

5.3.12 Safety 12 Assaults: Staff

Assaults on staff per
100 person days of
youth confinement.

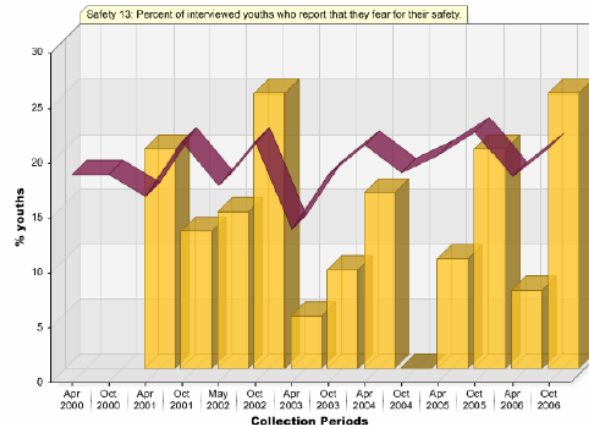

Assaults on staff per 100 days of youth confinement remains at zero for the twelfth consecutive data collection.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.3.13 Safety 13 Fear For Safety: Youth

Percent of interviewed youth who report that they fear for their safety.

The percent of interviewed youth that report fearing for their safety was 25% (three youth) for October '06. The national average for this OM is 21%.

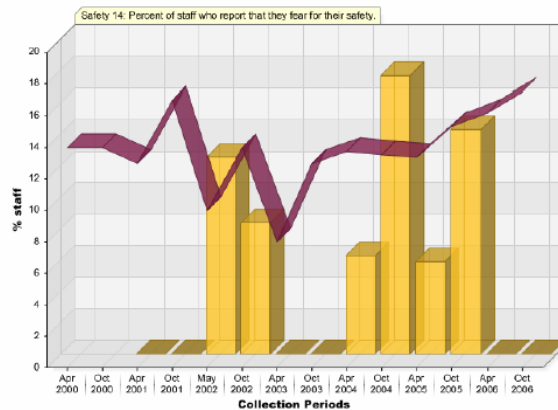

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

A FIP was developed for this OM in October 2002 and has been deemed successful and closed.

5.4 Programming

This includes academic progress as well as measures pertaining to mental health, social skills, substance abuse, individual treatment plans [ITP], family contacts, and volunteers.

5.4.1 Programming 1 Scores: Math

Percent of youth confined for over 6 months whose math scores increased between admission and discharge.

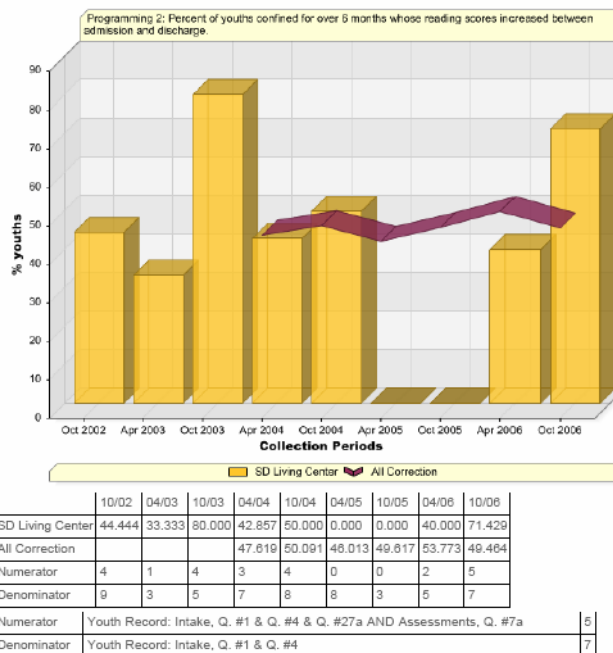

In October '06, 42% percent of youth confined over 6 months had math scores increase between admission and discharge. The current national average for this OM is 50%.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

A FIP was developed for this OM in October 2001 and has been deemed successful and closed.

5.4.2 Programming 2 Scores: Reading

Percent of youth confined for over 6 months whose reading scores increased between admission and discharge.

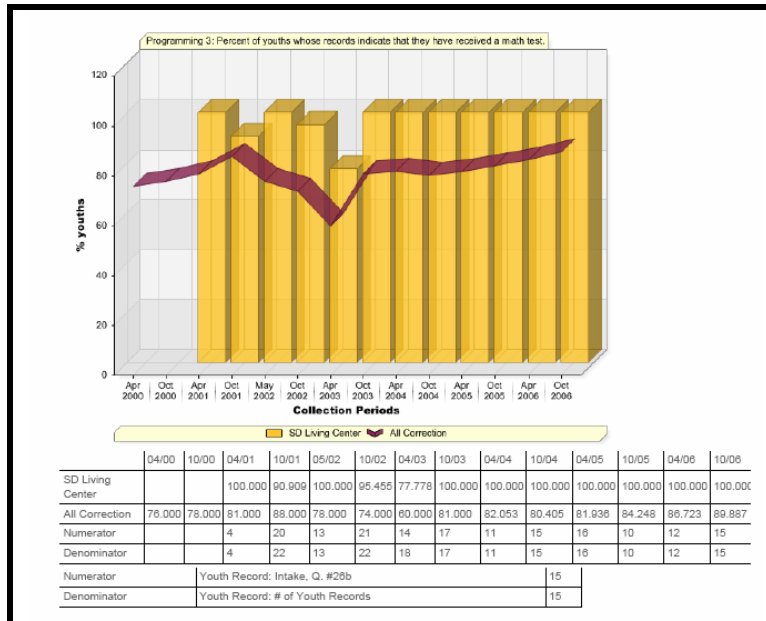

In October '06, 71% percent of youth confined over 6 months had reading scores increase between admission and discharge. The national average is currently 54%.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

A FIP was developed for this OM in October 2001 and has been deemed successful and closed.

5.4.3 Programming 3 Admission: Math Test

Percent of youth whose records indicated that they received a math test at admission.

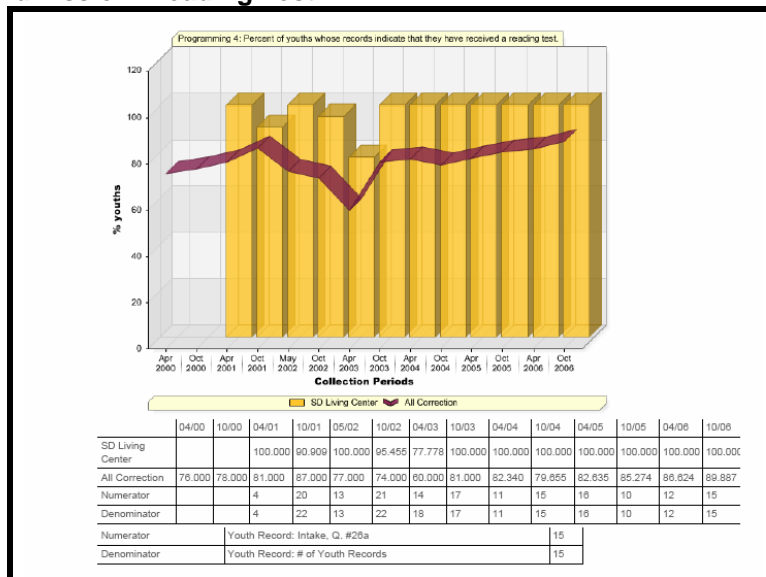

Percent of youth whose records indicate they have received a math test at admission has remained at 100% for the last seven data collections. This is above the national average of 90%.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.4.4 Programming 4 Admission: Reading Test

Percent of youth whose records indicated that they received a reading test at admission.

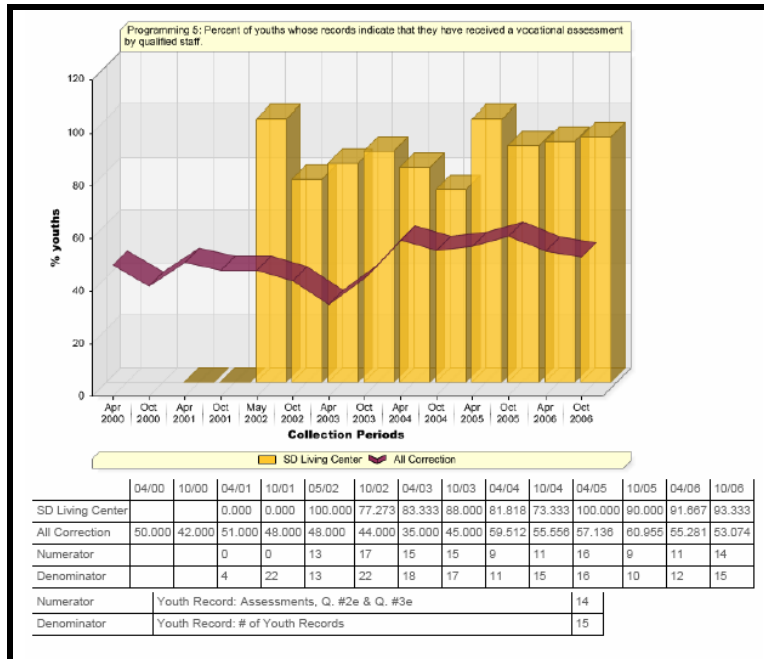

Percent of youth whose records indicate they have received a math test at admission has remained at 100% for the last seven data collections. This is above the national average of 89%.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.4.5 Programming 5 Admission: Vocational Assessment

Percent of youth whose records indicated that they received a vocational assessment by qualified staff.

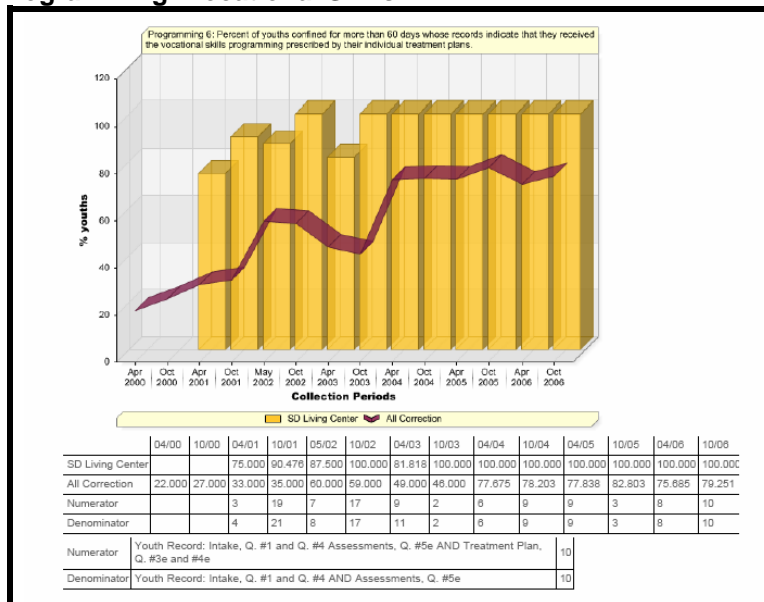

Percent of youth whose records indicate they have received a vocational assessment by qualified staff increased to 93% for October '06. The national average for this OM is currently 53%.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.4.6 Programming 6 Programming: Vocational Skills

Percent of youth confined for more than 60 days whose records indicate that they received the vocational skills programming prescribed by their individual treatment plans.

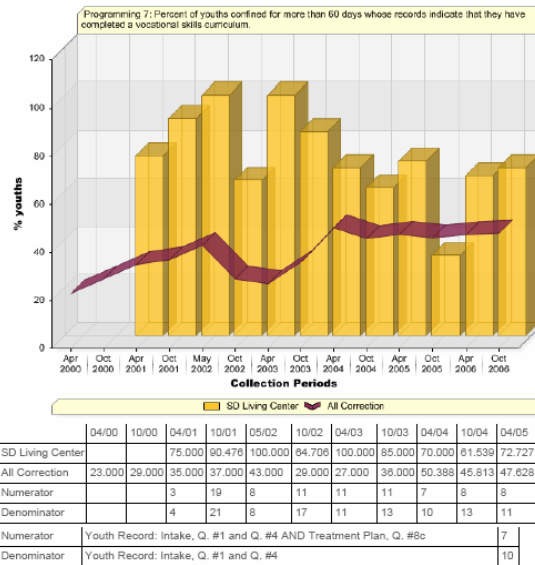

Percent of youth confined for more than 60 days, whose records indicate they've received vocational skills programming is 100% for the seventh consecutive data collection, compared to the national average of 79%.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.4.7 Programming 7 Curriculum: Vocational Skills

Percent of youth confined for more than 60 days whose records indicated that they have completed a vocational skills curriculum.

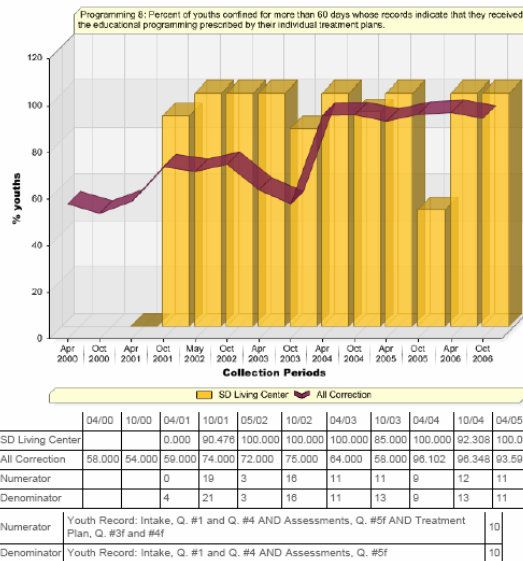

The percent of youth confined for more than 60 days whose records indicate that they've completed a vocational skills curriculum increased to 70% for October '06. The current national average for this OM is 48%.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.4.8 Programming 8 Programming: Educational

Percent of youth confined for more than 60 days whose records indicate that they received the educational programming prescribed by their individual treatment plans.

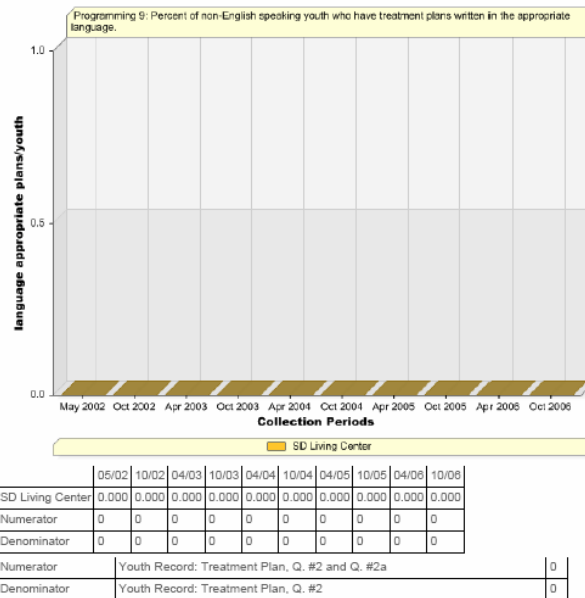

Percent of youth confined for more than 60 days whose records indicate they've received the educational programming as prescribed in their Individual Treatment Plan (ITP) is 100% for October '06. The current national average for this OM is 95%.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.4.9 Programming 9 Non English Speaking Youth

Percent of non-English speaking youth who have treatment plans written in the appropriate language.

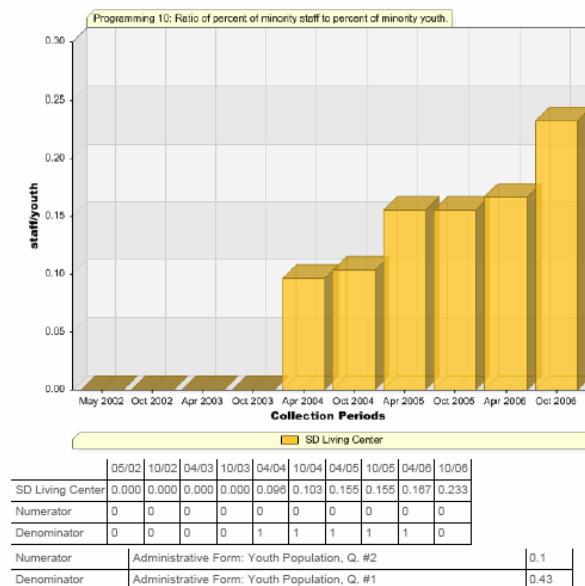

Percentage of non-English speaking youth who have treatment plans written in the appropriate language did not apply to Living Center for the October '06 data collection.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.4.10 Programming 10 Minority Ratio

Ratio of percent of minority staff to percent of minority youth.

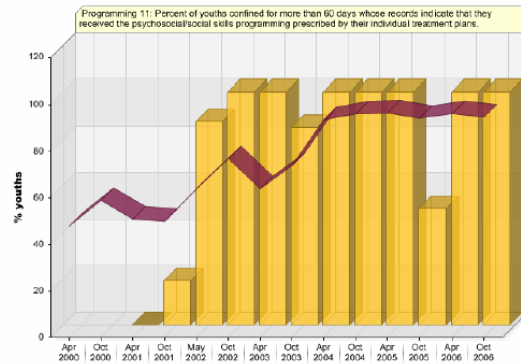

Ratio of minority staff to minority youth was .233 for October '06.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.4.11 Programming 11 Programming: Psychosocial/Social Skills

Percent of youth confined for more than 60 days whose records indicate that they received the psychosocial/social skills programming prescribed by their individual treatment plans.

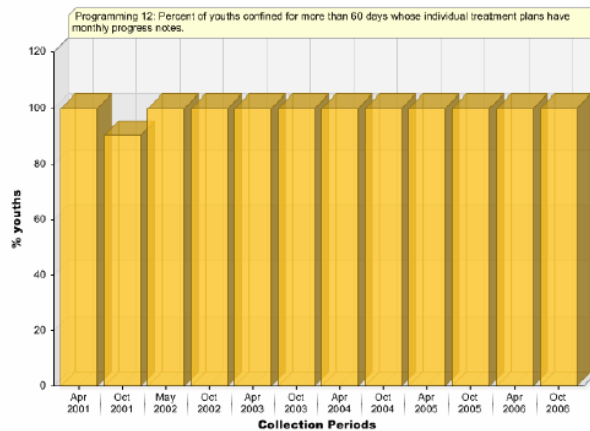

Percent of youth confined for more than 60 days whose records indicate they've received the social skills programming as prescribed in their ITP was 100% in October '06. The current national average for this OM is 95%.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.4.12 Programming 12 Monthly Progress Notes

Percent of youth confined for more than 60 days whose individual treatment plans have monthly progress notes.

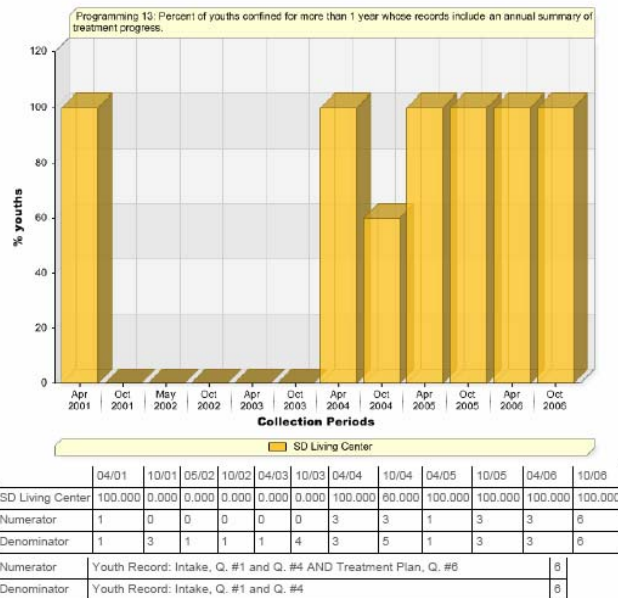

Percent of youth confined for more than 60 days whose ITP's have monthly progress notes have consistently remained at 100% for the past ten data collections.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.4.13 Programming 13 Annual Summary Treatment Progress

Percent of youth confined for more than 1 year whose records include an annual summary of treatment progress.

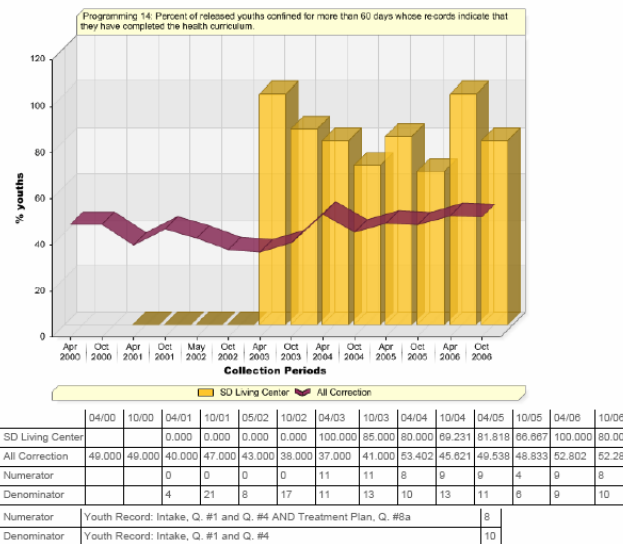

Percent of youth confined for more than 1 year whose records include an annual summary has remained at 100% for the last four data collections.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

A FIP was developed for this OM in May 2002 and addressed again in April 2003 and October 2005. This has been deemed successful and closed.

5.4.14 Programming 14 Curriculum: Health

Percent of youth confined for more than 60 days whose records indicate that they have completed the health curriculum.

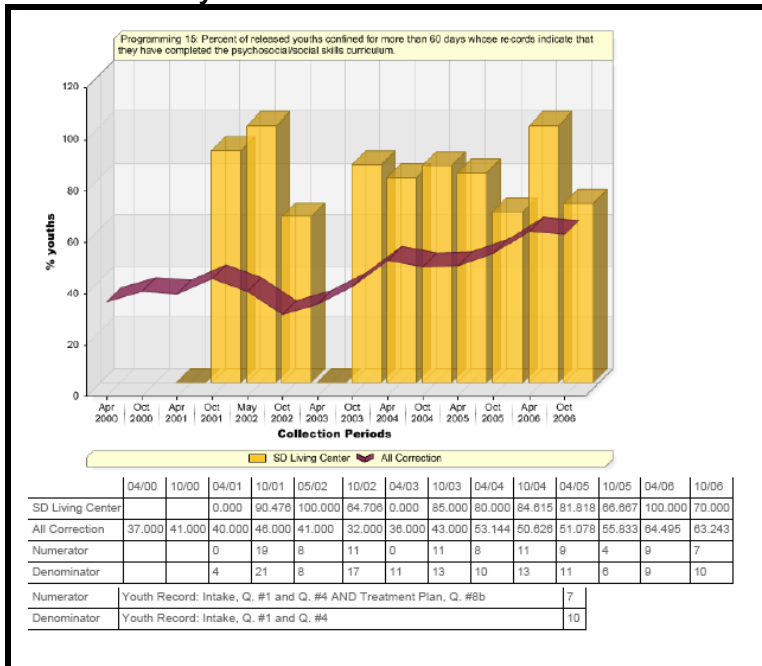

Percent of youth confined over 60 days whose records indicate they have completed the health curriculum is 80% for October '06. This remains above the national average of 62%.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

A FIP was developed for this OM in October 2001 and has been deemed successful and closed.

5.4.15 Programming 15 Curriculum: Psychosocial/Social Skills

Percent of youth confined for more than 60 days whose records indicated that they have completed the psychosocial/social skills curriculum.

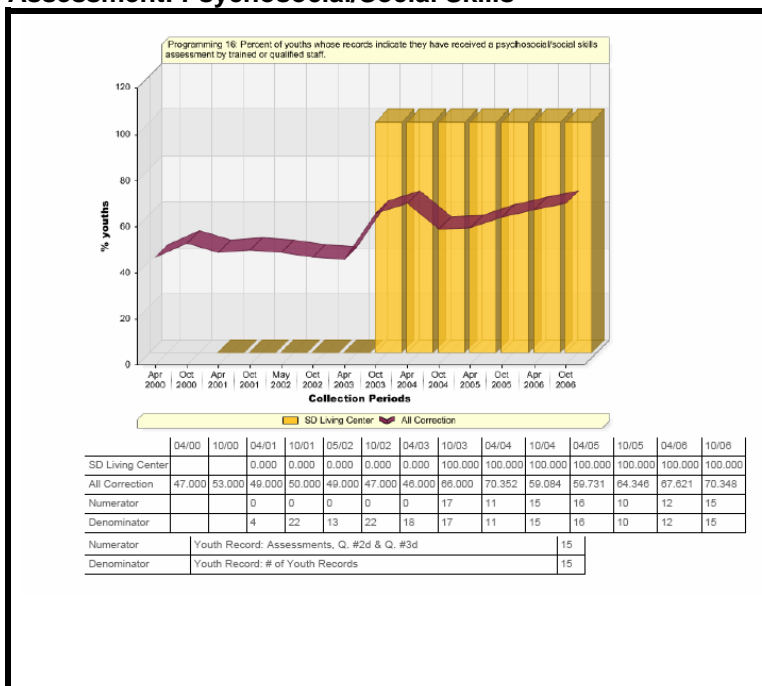

In October '06, 70% of youth confined over 60 days had records to indicate they have completed the social skills curriculum, compared to the national average of 63%.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.4.16 Programming 16 Assessment: Psychosocial/Social Skills

Percent of youth whose records indicate they have received a psychosocial/social skills assessment.

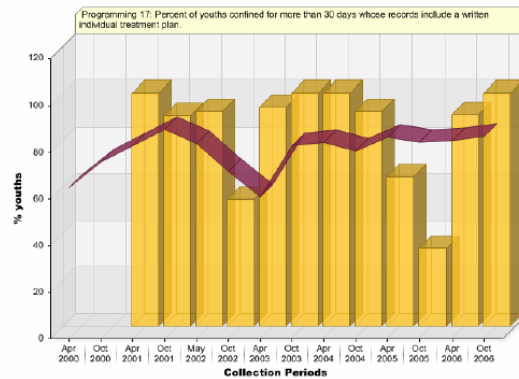

Percent of youth whose records indicate they've received a psychosocial/social skills assessment remains at 100% for the seventh consecutive data collection compared to the national average of 70%.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

A FIP was developed for this OM in October 2001 and has been deemed successful and closed.

5.4.17 Programming 17 ITP

Percent of youth confined for more than 30 days whose records include a written individual treatment plan.

	04/00	10/00	04/01	10/01	05/02	10/02	04/03	10/03	04/04	10/04	04/05	10/05	04/06	10/06

5.4.25 Programming 25 Higher Level At Release

Percent of youth who achieve a higher level by the time of release.

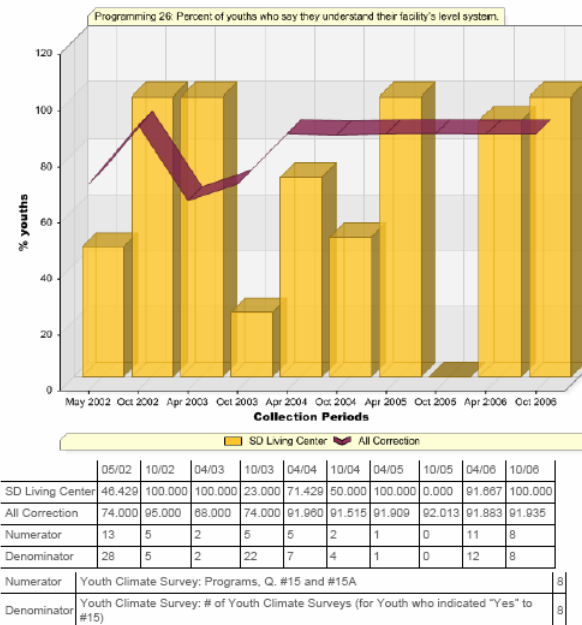

Percent of youth who achieve a higher level by the time of their release is 80% in October '06.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

Note: Living Center Program has recently established a level system.

5.4.26 Programming 26 Youth's Understanding Of Facility Level System

Percent of youth who say they understand their facility's level system.

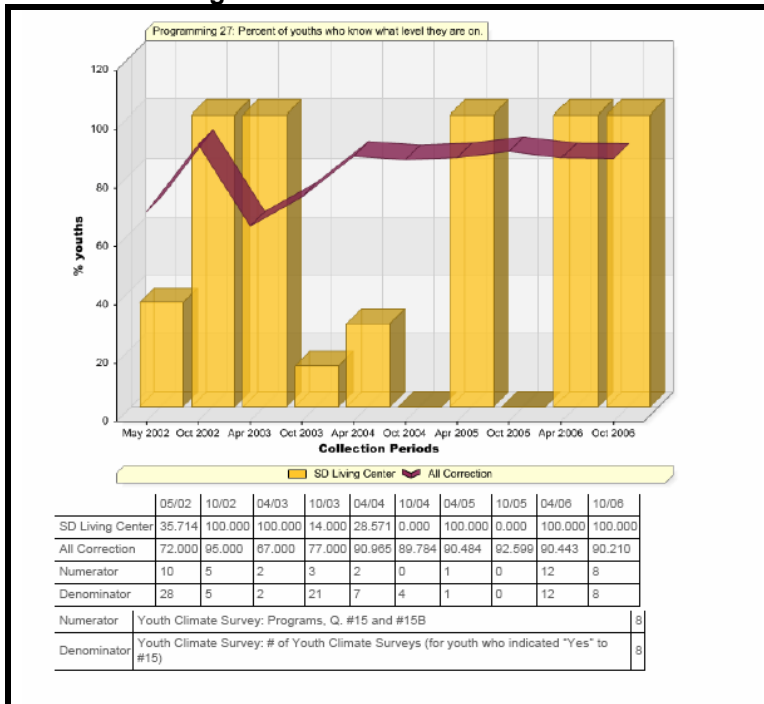

For the October '06 data collection, 100% of youth said they understand their facility's level system. The current national average for this OM is 92%.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

Note: Living Center Program has recently established a level system.

5.4.27 Programming 27 Youth's Knowing Level

Percent of youth who know what level they are on.

In October '06, 100% of youth said they know what level they are on. The national average for this OM is 90%.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

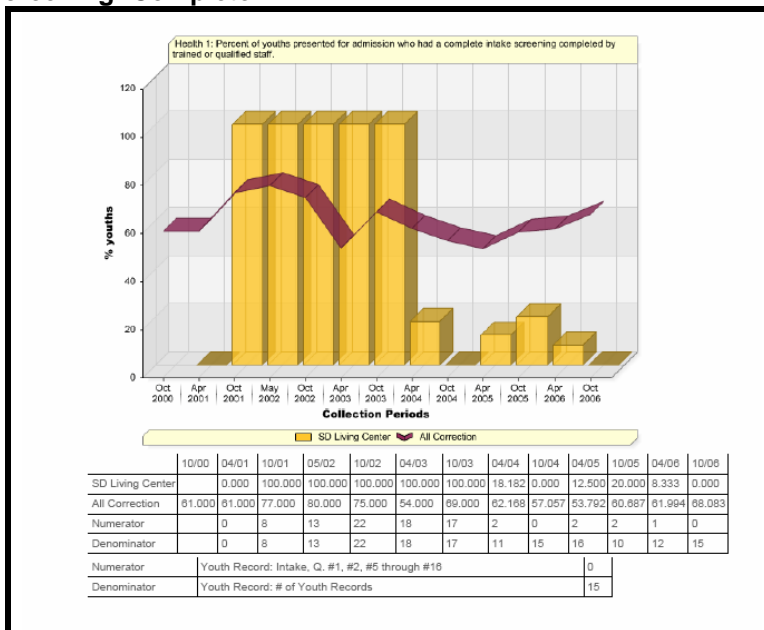

Note: Living Center Program has recently established a level system.

5.5 Health

This includes intake, ITP implementation, juvenile awareness of services, abuse by staff.

5.5.1 Health 1 Intake Screening: Complete

Percent of youth presented for admission who had a complete intake screening by trained or qualified staff

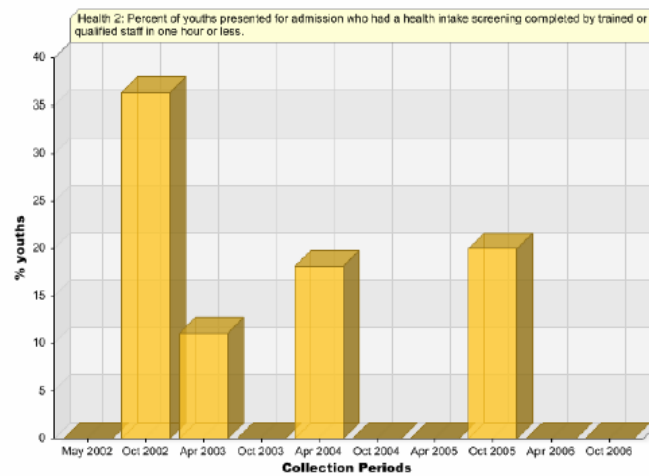

PbS no longer counts screenings that took place prior to admission. Therefore, Living Center will normally show zero percent for this outcome measure. The national average for this OM is currently 68%.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.5.2 Health 2 Intake Screening: Health

Percent of youth presented for admission who had a health intake screening completed by trained or qualified staff in one hour or less.

	05/02	10/02	04/03	10/03	04/04	10/04	04/05	10/05	04/06	10/06

Numerator	Youth Record: Intake, Q. #1, #2, #5 through #16 AND #23 through #25													10
Denominator	Youth Record: # of Youth Records													15

Percent of youth at admission whose intake screenings were completed before they were assigned housing units was 67% in October '06. This is above the national average, which is 43% in October.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.5.7 Health 7 Completed: Health Assessments

Percent of youth presented for admission whose health assessments were completed by trained or qualified staff within seven days.

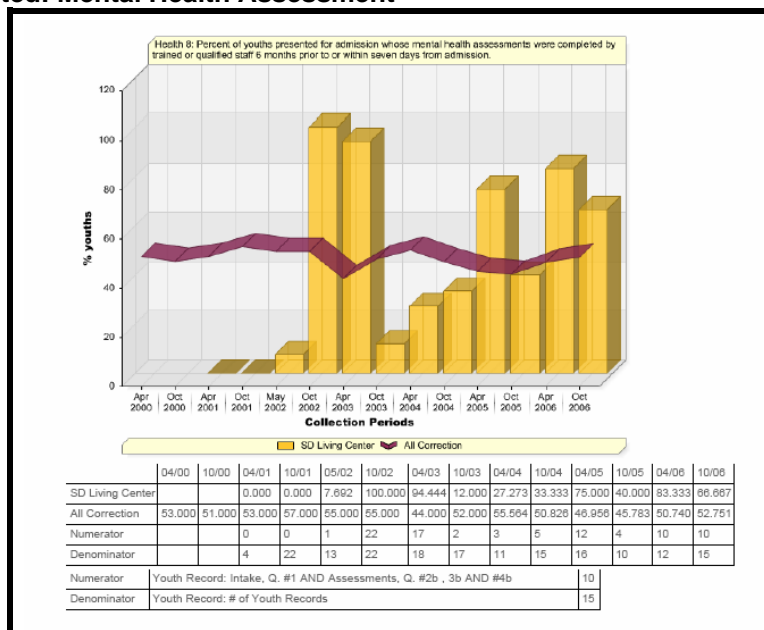

The percent of youth admitted who had health assessments completed within 7 days decreased to 60% in October '06. The national average for this OM is currently 73%.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.5.8 Health 8 Completed: Mental Health Assessment

Percent of youth presented for admission whose mental health assessments were completed by trained or qualified staff within seven days.

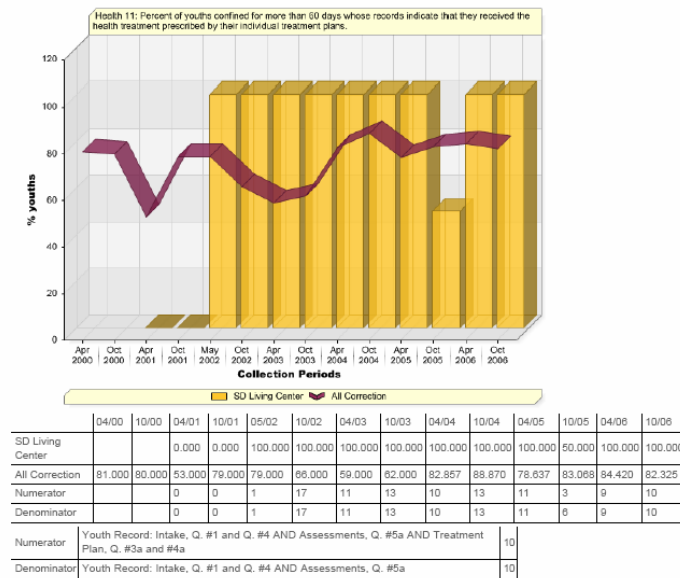

In October '06, 66% of the youth had mental health assessments completed within 7 days, compared to the national average of 52%.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.5.9 Health 11 Health Care Treatment

Percent of youth confined for more than 60 days whose records indicate that they received the health treatment prescribed by their individual treatment plans.

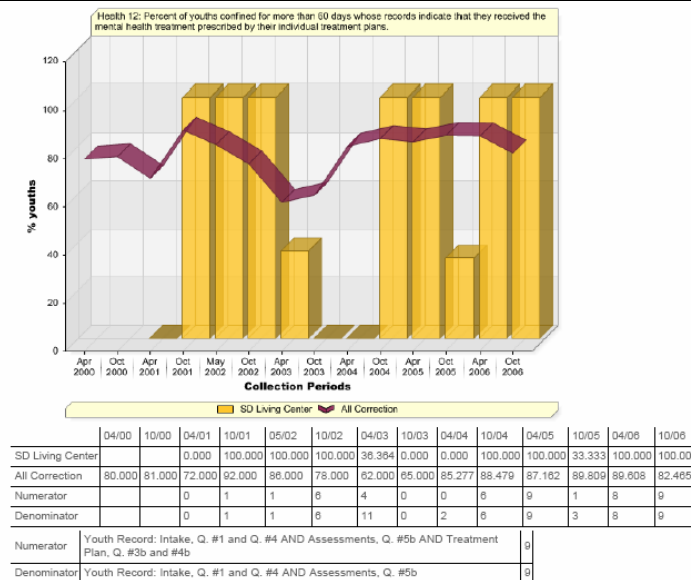

Percent of juveniles confined for over 60 days whose records indicate they received the health treatment as prescribed by their ITP increased to 100% in October '06. The current national average for this OM is 82%.

Note: In October '05 (3) ITP's were not accounted for so this decreased to 33%.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.5.10 Health 12 Mental Health Treatment

Percent of youth confined for more than 60 days whose records indicate that they received the mental health treatment prescribed by their individual treatment plans.

Percent of juveniles confined for over 60 days whose records indicate they received Mental Health treatment as prescribed by their ITP is 100% for October '06, compared to the national average of 92%.

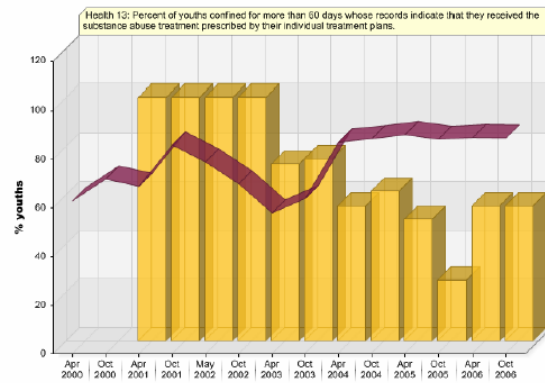

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

Note: In October '05 (3) ITP's were not accounted for so this decreased to 33%.

A FIP was developed for this OM in April and has been deemed successful and formally closed.

5.5.11 Health 13 Substance Abuse Treatment

Percent of youth confined for more than 60 days whose records indicate that they received substance abuse treatment prescribed by their individual treatment plans.

Denominator	Youth Record: Intake, Q. #1 and Q. #4 AND Assessments, Q. #5c													9

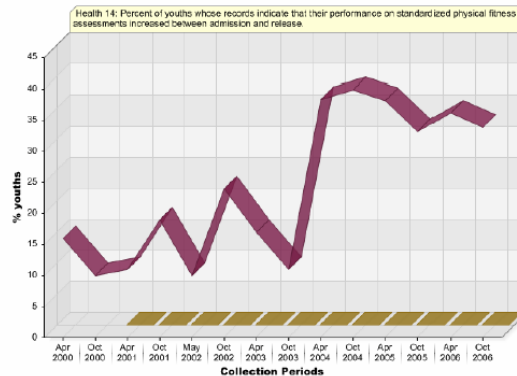

Percent of juveniles confined for over 60 days whose records indicate they received substance abuse treatment as prescribed by their ITP is 55% for October '06. The national average is currently 89%.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

Note: In October '05 (3) ITP's were not accounted for so this decreased to 25%.

5.5.12 Health 14 Physical Fitness Assessment

Percent of youth whose records indicate that their performance on standardized physical fitness assessments increased between admission and release.

	04/00	10/00	04/01	10/01	05/02	10/02	04/03	10/03	04/04	10/04	04/05	10/05	04/06	10/06
SD Living Center			0.000	0.000	0.000	0.000	0.000	0.000	0.000	0.000	0.000	0.000	0.000	0.000
All Correction	16,000	10,000	11,000	19,000	10,000	24,000	17,000	11,000	36,364	36,873	38,192	33,231	36,202	33,917
Numerator			0	0	0	0	0	0	0	0	0	0	0	0
Denominator			4	22	13	22	18	0	0	0	0	0	0	0
Numerator	Youth Record: Intake, #27c AND Assessments, #7c													0
Denominator	Youth Record: # of Youth Records													0

Percent of youth whose records indicate their performance on standardized physical fitness assessments increased between admission and release is not applicable to the Living Center, as there is no physical fitness assessment in the Living Center.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.5.13 Health 15 Large Muscle Exercise

Percent of interviewed youth who report receiving at least one hour of large muscle exercise each day on weekdays and two hours each day on weekends.

	04/00	10/00	04/01	10/01	05/02	10/02	04/03	10/03	04/04	10/04	04/05	10/05	04/06	10/06

Numerator	Staff Climate Survey: Living and Working Conditions/Climate, Q. #21 AND #21A													0
Denominator	Staff Climate Survey: Living and Working Conditions/Climate, "Yes" to Q. #21													0

No staff filed a grievance and reported that the grievance was addressed for October '06.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.6.6 Justice 6 Youth Requesting Attorney Contact

Percent of interviewed youth who report requesting to see, call, or write their attorney and their request was granted.

	04/00	10/00	04/01	10/01	05/02	10/02	04/03	10/03	04/04	10/04	04/05	10/05	04/06	10/06
SD Living Center			0.000	50.000	64.706	0.000	100.000	0.000	100.000	0.000	0.000	100.000	100.000	66.667
All Correction	48.000	45.000	53.000	55.000	61.000	74.000	82.000	85.486	85.815	88.750	69.486	73.501	66.780	
Numerator			0	1	11	0	1	0	1	0	0	2	1	2
Denominator			1	2	17	0	1	2	1	1	0	2	1	3
Numerator	Youth Climate Survey: Justice, Q. #33 through Q. #35 AND Q. #33A through #35A													2
Denominator	Youth Climate Survey: Justice, "Yes" to Q. #33, 34 or #35													3

Percent of youth, who requested to see, call or write their attorney and their request was granted was 67% for October '06.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.6.7 Justice 7 Attorney Visits

Attorney visits per 100 person days of youth confinement.

There were no attorney visits per 100 person days of youth confinement for October reporting period.

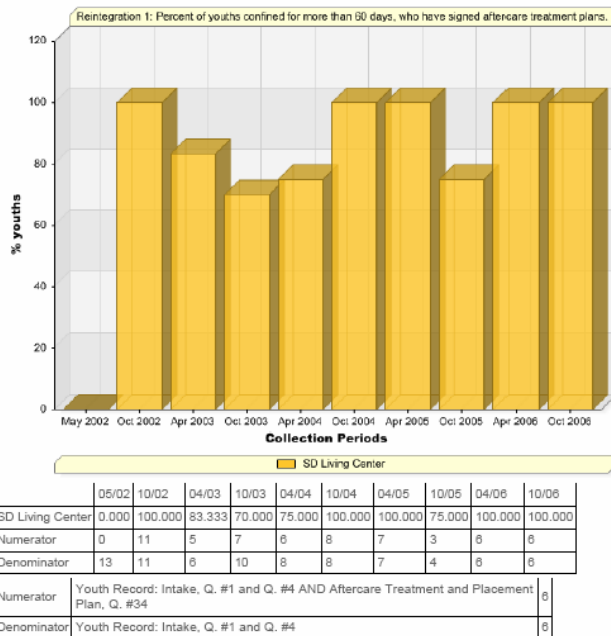

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.7 Reintegration

This includes aftercare treatment plans, youth's correspondence, case manager, and community referrals.

5.7.1 Reintegration 1 Aftercare Treatment Plans

Percent of youth confined for more than 60 days who have signed aftercare treatment plans.

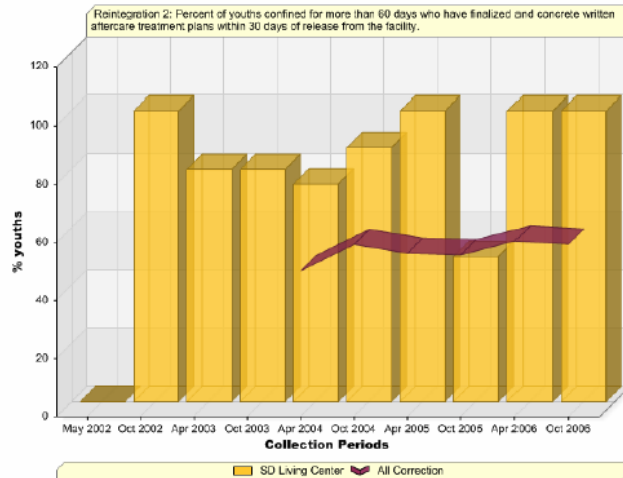

Percent of youth, confined for more than 60 days, who have signed aftercare treatment plans is 100% for October '06.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.7.2 Reintegration 2 Aftercare Treatment Plans Finalized

Percent of youth confined for more than 60 days who have finalized and concrete written aftercare treatment plans within 30 days of release from facility.

Percent of youth, confined for more than 60 days who have finalized and concrete written aftercare treatment plans prior to 30 days of release from the facility is 100% for October '06. The current national average for this OM is 59%.

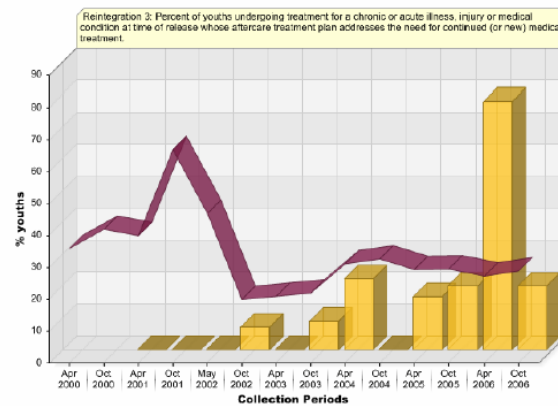

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

A FIP was developed for this OM in April '04 and has been deemed successful and formally closed.

Numerator	Youth Record: Intake, Q. #1 AND Aftercare, Q. #5									10
Denominator	Youth Record: Treatment Plan, Q. #9									10

For October '06, 100% of youth had an assigned aftercare case manager within 15 days of entry into the facility. This is better than the national average of 53%.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.7.7 Reintegration 7 Aftercare Case Manager Prior to Admission

Average time until aftercare case manager is assigned (negative result = assigned prior to admission).

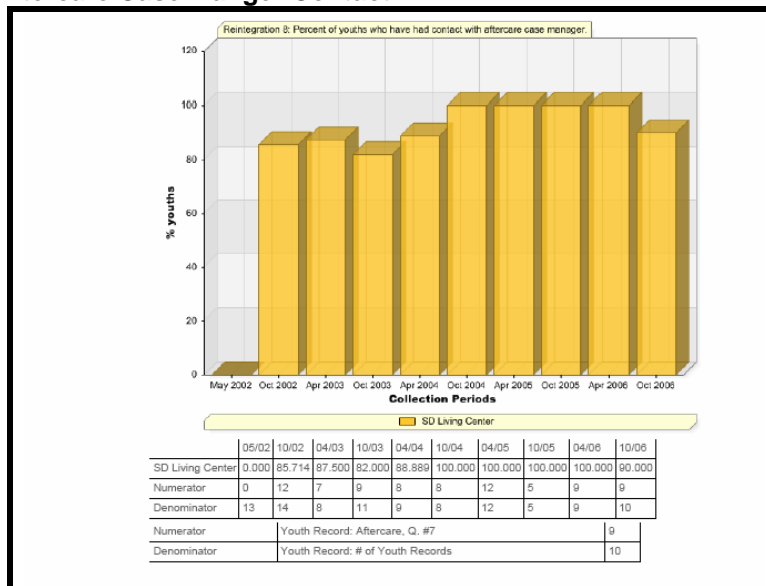

Aftercare case managers are assigned to youth prior to their admission to Living Center.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.7.8 Reintegration 8 Aftercare Case Manager Contact

Percent of youth who have had in-person contact with aftercare case manager.

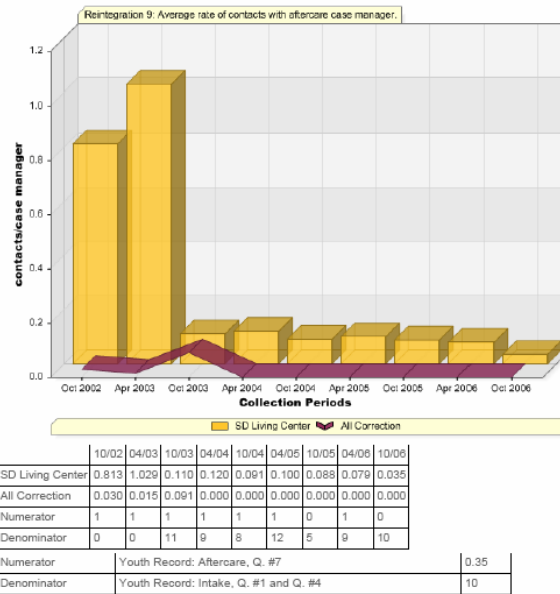

In October '06, 90% of youth had in-person contact with their aftercare case manager.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.7.9 Reintegration 9 Aftercare Case Manager In Person Contacts

Average rate of in-person contacts with aftercare case manager.

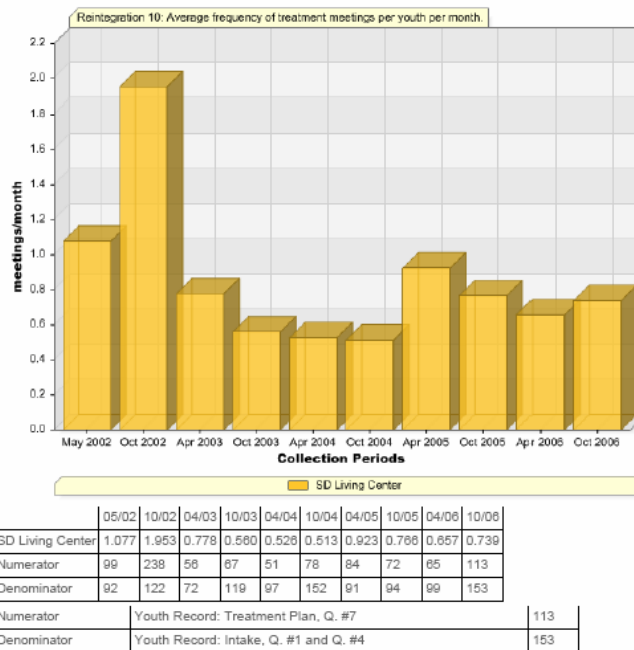

The average rate of in-person contacts with aftercare case manager is .035 for October '06.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.7.10 Reintegration 10 Treatment Meeting Frequency

Average frequency of treatment meetings.

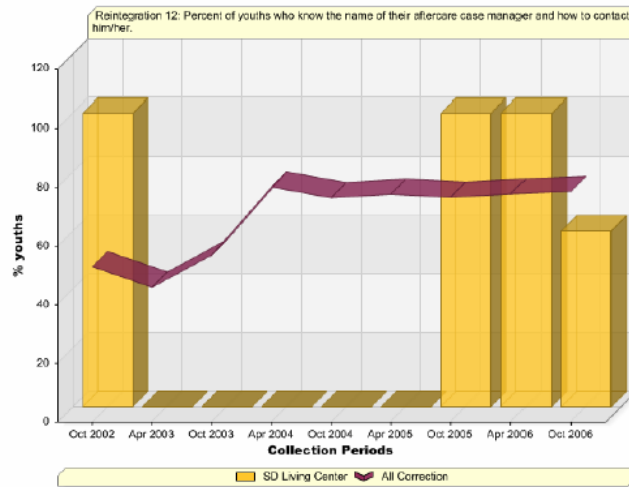

The average frequency of treatment meetings is .739 per month in October '06.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.

5.7.11 Reintegration 12 After care Case Manager

Percent of youth who know the name of their aftercare case manager and how to contact him/her.

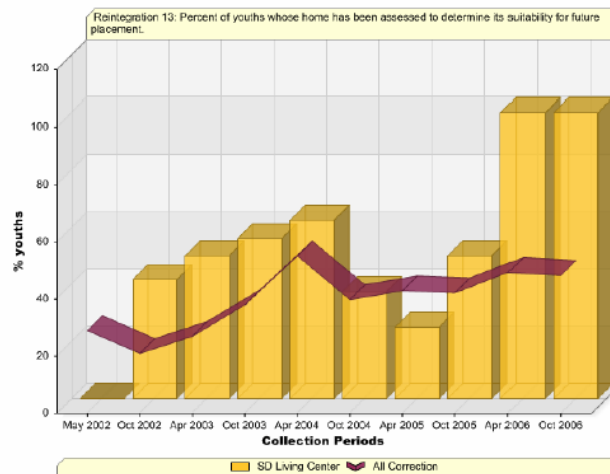

In October '06, 60% of youth claim they know the name of their aftercare case manager and how to contact him/her. The national average for this OM is currently 79%.

No data reported for April '07 due to organizational restructuring and the closure of the Living Center program.
